**UNINSURED MOTORISTS COVERAGE – BODILY INJURY**

---

Uninsured Motorists Coverage provides protection against owners or operators of (1) motor vehicle with no collectible automobile bodily injury liability insurance or bond applicable at the time of the accident, (2) a hit- and-run vehicle, (3) a phantom vehicle. Uninsured Motorists coverage includes Underinsured Motorists Coverage which provides protection against a motor vehicle that is uninsured for an amount that is less than the insured's Uninsured Motorists Coverage. Uninsured Motorists Coverage does not include coverage for motor trucks having a registration weight of more than 8,000 pounds and primarily designed and used for carrying loads other than passengers, when the insured's employees, operating such trucks, are covered by any workers' compensation law, disability benefits law or any other such similar law.

In accordance with Oregon Statutes, all auto policies must have Uninsured Motorists Coverage for bodily injury at the same limit as the Bodily Injury Liability Policy limits unless you select lower limits. These lower limits cannot be less than the minimum Financial Responsibility Limits of \$25,000 per person/\$50,000 per accident or \$50,000 per accident.

The chart on Exhibit A – Oregon displays the premiums per auto for different limits.

Please indicate your selection below:
